Our **NEXT COUNTY SUPERVISOR** needs to embody our community's best values.

I was born and raised in east San Jose. My parents and family have always served the community. My father was a civil rights pioneer and radio journalist, and my mother has been a most distinguished member of the City Council and the Board of Supervisors. I earned a bachelor's degree in Environmental Technology and Management, and a master's degree in Civil and Environmental Engineering. I am also a graduate of the Executive Education Program from Harvard University's Kennedy School of Government.

I am running for supervisor to restore confidence in county government. I commit to being a supervisor who works hard, listens to the people and gets things done with honesty and integrity – Teresa Alvarado
